Dear Patient,

Thank you for considering Signature MD, a premier concierge service, as part of your healthcare. This new concept is designed to give you MORE TIME AND ACCESSIBILITY to your physician than ever before. This is an innovative way to take care of your health needs with enhanced services. My undivided attention is available to you with ON TIME appointments, that are UNHURRIED, and keeping wellness in mind, always. Prevention is better than cure.

In addition, my attention does not stop when you leave the office. When you enroll in the Signature MD program, you will be given a card with my dedicated phone number and email exclusively to allow 24/7 communication about your health issues with me. This gives you more access to staying healthy even when you are not in the office.

As part of my concierge program, I am offering any Signature MD patient the opportunity to participate in receiving discounts with other services that we offer. Firstly, as a Signature MD patient, you may enjoy weight loss services with a 10% discount on your weight loss visits. In addition, you may also enjoy a 5% discount on any cosmetic procedures that are performed through my office.

I look forward to providing you with the best that primary care has to offer. I can't wait to start this medical journey, exclusively designed for you!

Thank you for your trust and patronage.

Sincerely,

Margaret Yee, M.D.
